Apex9 Selects CTI to supply Outdoor Rated Cat5e Gig Ethernet Cable, Zip Ties and Connectors

Agreement broadens CTI's selection of cable and accessories and expands Apex9's exposure in key vertical markets in the United States

Chicago, IL, May 7, 2009 – Apex9, a leading manufacturer of technology components and cable, and CTI, a distributor of wireless infrastructure and network hardware, today announced that Apex9's cable and accessory products will be available through CTI's marketing and distribution channel.

Apex9

We chose CTI for their focus on internet and voice service providers and their extensive knowledge and solution set for the deployment, maintenance and repair of both wired and wireless networks. CTI provides everything from infrastructure and training to credit card processing specifically for a market we would like to penetrate. This has been a long time in the making but our cable and accessory lines are a perfect fit into their already wide portfolio and they offer us access to their expansive Service Provider customer base.

CTI

Apex9 has a manufacturing facility that produces the highest quality products at extremely competitive pricing. Their manufacturing group has experience making parts for demanding customers like Ortonics and stringent testing methods that provide us with a high level of confidence in their products and capabilities as a supplier.

About Apex9

Apex9 manufactures high quality products for the technology industry and Apex9's manufacturing group has produced products for many well known brands and distributors around the world. To learn more, please visit www.apex9.com.

About CTI

CTI is distributor and provider of wireless local and wide area broadband systems, wire-line and wireless network devices, network equipment and everything needed to deploy maintain and repair both wired and wireless networks. CTI provides training, consulting and hosts educational seminars and trade shows for the service provider industry.
